DUAL ENROLLMENT MEMORANDUM OF UNDERSTANDING BETWEEN
THE UNIVERSITY OF SOUTH FLORIDA
AND
KID’S COMMUNITY COLLEGE® PREPARATORY HIGH SCHOOL, A PUBLIC
CHARTER INSTITUTION

THIS AGREEMENT is made and entered into on this 16th day of July, 2019 by and
between University of South Florida Board of Trustees, a public body corporate on behalf of
its campus ("USF"), and the KID’S COMMUNITY COLLEGE® PREPARATORY HIGH
SCHOOL ("KCC"), for the purpose of creating a dual enrollment program to provide
educational opportunities for eligible and qualified public high school students in "KCC". This
Agreement shall serve as the Dual Enrollment Articulation Agreement referenced in Section
1007.271, Florida Statutes and shall supersede any other prior Dual Enrollment Articulation
Agreement of Memorandum of Understanding between the parties. USF and "KCC" are each a
"Party" and collectively the "Parties".

I. TERM

This Agreement shall be effective as of August 1, 2019 (the "Effective Date") and shall continue
for a term of one (1) year. This Agreement may be renewed on an annual basis by mutual
written consent. If this Agreement is to be renewed, it shall be reviewed on an annual basis at
least ninety (90) days prior to the beginning of the USF fall semester to ensure continuing
compliance with state law and applicable dual enrollment requirements.

II. DUAL ENROLLMENT PROGRAM

A. Definition. Dual enrollment is a program in which eligible secondary students are
permitted to enroll in post-secondary courses that are creditable toward the high school
diploma and an associate or baccalaureate degree. Early admission dual enrollment
pursuant to Section 1007.271, F.S. is not a part of this Agreement or available between
the parties.

B. Intent. Dual enrollment college level courses are intended to simultaneously fulfill high
school curriculum requirements, meet university general education/liberal arts
requirements, and satisfy prerequisites for the major or count as elective credit.

C. Courses. Dual enrollment courses will be available on the USF campus and the USF
online educational platform. Courses are subject to resource availability including
staffing, credentialing and other constraints. Dual enrollment courses will be taught
either by USF faculty or by USF instructors credentialed by USF.

Courses eligible for the dual enrollment program must meet the following criteria:
   a. Listed within the statewide course description and numbering system on the
current State of Florida Dual Enrollment Course – High School Subject
Equivalency list and fall under the subject areas of English, mathematics, science, foreign language, social studies and electives. Eligible courses for the 2019-2020 academic year are outlined in Appendix A;

b. Fulfill the requirements of an associate or baccalaureate degree;
c. Apply toward the student’s high school diploma and replace high school courses in the same discipline that otherwise would have been taken; and
d. Approved by “KCC” and USF as an acceptable dual enrollment course.

Courses are not eligible for inclusion in the dual enrollment program if the course contains college preparatory instruction and other forms of pre-collegiate instruction or developmental education, as well as physical education courses that focus on the physical execution of a skill rather than the intellectual attributes of the activity and courses not specified in the State of Florida Dual Enrollment Course – High School Equivalency List.

Courses outlined in Appendix B require either prerequisite work and/or higher standardized test scores.

D. Credits. All college courses taken pursuant to the dual enrollment program must be three (3) college credits or more. Dual enrollment courses and high school credit earned are designated by the Florida Department of Education’s statewide course numbering system and the State of Florida Articulation Coordinating Committee as published in the Dual Enrollment Course-High School Subject Equivalency List. “KCC” shall assign high school credit upon successful completion.

Students will be limited to one (1) to three (3) courses within the dual enrollment program per semester. No student may earn more than a total of eighteen (18) total credit hours of general education on a high school campus.

III. ELIGIBILITY

Initial Eligibility

Students participating in the dual enrollment program must meet the initial eligibility requirements:

1. 3.5 cumulative weighted high school GPA*. The GPA will be re-calculated by USF only taking into consideration courses in English, mathematics, science, foreign language, and social studies. As calculated by USF, honors classes will receive an additional weight of 0.5 and AP, AICE, IB and college courses will receive an additional weight of 1.0. USF has the sole discretion to adjust the re-calculation of GPAs, with timely notification to “KCC”;

2. Meet minimum standardized test scores as outlined in Appendix C.

*This Agreement is between a State University and not a member of the Florida State College System.
IV. APPLICATION

A. Process

1. Submit online application for USF Non-Degree Seeking Admission;
2. Submit proof of the required minimum standardized test scores as outlined in Appendix C;
3. If applicable, comply with the USF Health and Immunization Policy (see below); and
4. Submit approved and signed Dual Enrollment Approval Form in Appendix E.

If courses are taken on the USF campus, or as otherwise required, the student must comply with USF Health and Immunization policy found at http://www.usf.edu/student-affairs/student-health-services/immunizations/immuncompliance.aspx for courses physically taken at USF. The student’s personal immunization records or a printout of the student’s immunization records from the “KCC” student information system should accompany a USF Mandatory Immunization Health History Form along with the student’s Dual Enrollment Approval Form.

X. GENERAL PROVISIONS

A. Dual Enrollment Transfer Guarantees. The parties must be aware and comply with the Dual Enrollment Transfer Guarantees, which can be found at: https://info.fldoe.org/docushare/dsweb/Get/Document-6472/hb7059tapb.pdf and on the attached Appendix D.
B. Continuity and Compliance. The parties have set forth the terms, conditions and responsibilities in the Agreement in the good faith belief that they are fully in compliance with all legal and accreditation requirements generally applicable to both parties; provided, however, in the event that either party determines in its sole discretion that the performance of any obligation herein is in violation of such legal or accreditation requirement, the parties agree that such obligation shall be promptly modified to the extent necessary to secure continued compliance with such legal and accreditation requirements. In the event either party determines in its sole discretion that such obligations cannot be modified in a manner to secure continued compliance, either party can terminate this Agreement effective immediately upon written notice.
C. Individual Identification. The parties shall not use any party’s trademarks, trade names, service marks, service names, brand names, domain names, URL’s or Logo’s or any other licensed mark or intellectual property in any manner without the prior written consent from such party of such use.
D. **Statutes and Laws.** The parties agree to comply with all applicable federal and state laws and regulations regarding the protection of data security, including without limitation the Family Educational Rights and Privacy Act ("FERPA"), and to work together to facilitate the parties' obligations under those laws and regulations.

E. **Amendment.** Any amendments or modification to this Agreement shall require written approval from both parties.

F. **Termination.** This Agreement may be terminated by either party without cause upon ninety (90) days written notice. Any termination will be prospective only and will not apply to students actively enrolled in courses at the date of the termination notice pursuant to Section D below. The foregoing notwithstanding, either party can terminate this Agreement effective immediately and upon written notice to the other if, in its sole discretion, it concludes that the other institution is incapable of fully performing the services described herein; if the health, safety or welfare of students are endangered for any reason; if the program no longer supports the educational mission of either party or if the other party has acted in violation of applicable law. In the event of time or either party terminating this Agreement, both parties agree that they will cease accepting new students into the program upon termination, but shall use best efforts to provide a "teach out" for existing students. The parties agree they will continue to fulfill each of their respective obligations as set forth in this Agreement for all students that have enrolled and/or been admitted to the program prior to termination, from the time of termination through each student's successful completion of their enrolled course(s). To clarify this provision: it is the intent of the parties that after any termination of this Agreement, the participation of all existing students will continue until they finish the coursework for the applicable semester.

No party hereto shall assume any responsibility to any other party for the consequences of any act or failure to act of any person, firm or corporation not a party to the Agreement. The parties' indemnification shall be limited to the extent provided by section 768.28, Florida Statutes. O. Successors and Assigns. Each and all of the covenants, terms, provisions, and agreements contained in this Agreement shall be binding upon and inure to the benefit of the Parties hereto and, to the extent permitted by this Agreement, their respective successors and assigns. Q. Prior Agreements. All prior Dual Enrollment agreements between the parties are hereby terminated.

R. Entire Agreement. This Agreement represents the entire understanding of the parties with reference to the matters set forth herein.
IN WITNESS WHEREOF, the Parties hereto have made and executed this Agreement on the date first above written.

DUAL ENROLLMENT TRANSFER GUARANTEES

The dual enrollment program is an opportunity to take challenging courses and accelerate education opportunities. With hundreds of dual enrollment courses available, there is great potential to further engage and motivate students to pursue academically rigorous courses that capture their interests. Successful completion of dual enrollment courses allows eligible high school students to simultaneously earn high school core or elective credit and postsecondary credit toward a career certificate, an associate degree, or a baccalaureate degree.

Dual enrollment courses will receive the same weighting for the high school grade point average as Advanced Placement (AP), International Baccalaureate (IB), and Advanced International Certificate of Education (AICE) courses. In addition, dual enrollment courses that meet core state university admission requirements in English/Language Arts, Mathematics, Natural Sciences, Social Sciences, or World Languages shall receive the same weighting as AP, IB, and AICE courses in the calculation of the high school grade point average used for admission decisions.

Students should understand, however, that dual enrollment courses are college-level courses, and the amount of work and rigor of content in dual enrollment courses may be much greater than in high school courses. In addition, dual enrollment course grades become a part of a student’s permanent college transcript and are calculated into the student’s permanent postsecondary grade point average. Poor performance in dual enrollment courses may affect university admissions and financial aid. It is important to do well in these courses to realize the benefits of dual enrollment.

Course selection is important for the dual enrollment student since different programs at a college require different courses to complete the certificate or degree. By choosing courses wisely, students can reduce the time it takes to complete a program after high school graduation. Some students are even able to complete their college certificate or degree at the same time they graduate from high school. Students who don’t know what they want to study in college should consult with an advisor to consider focusing on completing general education requirements in communications, mathematics, social sciences, natural sciences, and humanities. All degree programs require general education coursework and, while there is some variation from institution to institution, there are general education courses that are common among most, if not all, institutions.

Florida dual enrollment college credit will transfer to any Florida public college or university offering the Statewide Course Numbering System course number, and must be treated as though taken at the receiving institution. However, if students do not attend the same college or university where they earned the dual enrollment credit the application of transfer credit to general education, prerequisite, and degree programs may vary at the receiving institution. Private and out-of-state colleges and universities may or may not grant college credit for courses taken through dual enrollment.

- Student and parent understand that dual enrollment students interact with diverse college students in a college campus environment with academic and social challenges
- Dual enrollment courses must be taken at HCC, which is the State-mandated provider of dual enrollment. In the event the course is not offered at HCC, the student may take the course at USF with approval by USF.
- I understand that I must request to have my transcript sent by USF to my school and pay any applicable fees.
