

**DUAL ENROLLMENT MEMORANDUM OF UNDERSTANDING BETWEEN
THE UNIVERSITY OF SOUTH FLORIDA
AND
AMERICAN YOUTH ACADEMY, A PRIVATE/NON-PUBLIC INSITUTION**

THIS AGREEMENT is made and entered into on this 1st day of January, 2019 by and between **University of South Florida Board of Trustees**, a public body corporate on behalf of its campus (“**USF**”), and the **AMERICAN YOUTH ACADEMY (“AYA”)**, for the purpose of creating a dual enrollment program to provide educational opportunities for eligible and qualified public high school students in “**AYA**”. This Agreement shall serve as the Dual Enrollment Articulation Agreement referenced in Section 1007.271, Florida Statutes and shall supersede any other prior Dual Enrollment Articulation Agreement of Memorandum of Understanding between the parties. USF and “**AYA**” are each a “Party” and collectively the “Parties”.

I. TERM

This Agreement shall be effective as of January 1, 2019 (the “**Effective Date**”) and shall continue for a term of one (1) year. This Agreement may be renewed on an annual basis by mutual written consent. If this Agreement is to be renewed, it shall be reviewed on an annual basis at least ninety (**90**) days prior to the beginning of the USF fall semester to ensure continuing compliance with state law and applicable dual enrollment requirements.

II. DUAL ENROLLMENT PROGRAM

- A. Definition. Dual enrollment is a program in which eligible secondary students are permitted to enroll in post-secondary courses that are creditable toward the high school diploma and an associate or baccalaureate degree. Early admission dual enrollment pursuant to Section 1007.271, F.S. is not a part of this Agreement or available between the parties.
- B. Intent. Dual enrollment college level courses are intended to simultaneously fulfill high school curriculum requirements, meet university general education/liberal arts requirements, and satisfy prerequisites for the major or count as elective credit.
- C. Courses. Dual enrollment courses will be available on the USF campus and the USF online educational platform. Courses are subject to resource availability including staffing, credentialing and other constraints. Dual enrollment courses will be taught either by USF faculty or by USF instructors credentialed by USF.

Courses eligible for the dual enrollment program must meet the following criteria:

- a. Listed within the statewide course description and numbering system on the current State of Florida *Dual Enrollment Course – High School Subject Equivalency* list and fall under the subject areas of English, mathematics, science,

foreign language, social studies and electives. Eligible courses for the 2019-2020 academic year are outlined in **Appendix A**;

- b. Fulfill the requirements of an associate or baccalaureate degree;
- c. Apply toward the student's high school diploma and replace high school courses in the same discipline that otherwise would have been taken; and
- d. Approved by "AYA" and USF as an acceptable dual enrollment course.

Courses are not eligible for inclusion in the dual enrollment program if the course contains college preparatory instruction and other forms of pre-collegiate instruction or developmental education, as well as physical education courses that focus on the physical execution of a skill rather than the intellectual attributes of the activity and courses not specified in the *State of Florida Dual Enrollment Course – High School Equivalency List*.

Courses outlined in **Appendix B** require either prerequisite work and/or higher standardized test scores.

- D. Credits. All college courses taken pursuant to the dual enrollment program must be three (3) college credits or more. Dual enrollment courses and high school credit earned are designated by the Florida Department of Education's statewide course numbering system and the State of Florida Articulation Coordinating Committee as published in the *Dual Enrollment Course-High School Subject Equivalency List*. "AYA" shall assign high school credit upon successful completion.

Students will be limited to one (1) to three (3) courses within the dual enrollment program per semester. No student may earn more than a total of eighteen (18) total credit hours of general education on a high school campus.

III. ELIGIBILITY

Initial Eligibility

Students participating in the dual enrollment program must meet the initial eligibility requirements:

1. 3.5 cumulative weighted high school GPA*. The GPA will be re-calculated by USF only taking into consideration courses in English, mathematics, science, foreign language, and social studies. As calculated by USF, honors classes will receive an additional weight of 0.5 and AP, AICE, IB and college courses will receive an additional weight of 1.0. USF has the sole discretion to adjust the re-calculation of GPAs, with timely notification to "AYA";
2. Meet minimum standardized test scores as outlined in **Appendix C**.

**This Agreement is between a State University and not a member of the Florida State College System.*

IV. APPLICATION

A. Process

1. Submit online application for USF Non-Degree Seeking Admission;
2. Submit proof of the required minimum standardized test scores as outlined in **Appendix C**;
3. If applicable, comply with the USF Health and Immunization Policy (see below);
and
4. Submit approved and signed Dual Enrollment Approval Form in **Appendix E**.

If courses are taken on the USF campus, or as otherwise required, the student must comply with USF Health and Immunization policy found at <http://www.usf.edu/student-affairs/student-health-services/immunizations/immuncompliance.aspx> for courses physically taken at USF. The student's personal immunization records or a printout of the student's immunization records from the "AYA" student information system should accompany a USF Mandatory Immunization Health History Form along with the student's Dual Enrollment Approval Form.

All required materials must be submitted to the Dual Enrollment Coordinator at USF by the 2019-2020 academic deadlines below:

Fall 2019	Deadline – August 12, 2019
Spring 2020	Deadline – December 2, 2019
Summer 2020	Deadline – May 11, 2020

The Coordinator of Dual Enrollment at USF, or a designee, makes the final decision for admission approval to the dual enrollment program at USF in their sole discretion. Denial of admissions will be communicated to both the student and the high school of record.

V. CONTINUING ELIGIBILITY

Students participating in their initial semester in the dual enrollment program may not take more than two (2) courses per semester.

Students must maintain at least a "C" (2.0) GPA in dual enrollment courses to continue eligibility in the program. Students must also maintain a weighted 3.3 GPA on high school transcripts, including dual enrollment course final grades.

Students that maintain minimum continuing eligibility standard and a post-secondary, cumulative GPA of 3.0 or higher after accruing six (6) credit hours may be allowed to take up to eleven (11) credit hours during future semesters.

DUAL ENROLLMENT TRANSFER GUARANTEES

The dual enrollment program is an opportunity to take challenging courses and accelerate education opportunities. With hundreds of dual enrollment courses available, there is great potential to further engage and motivate students to pursue academically rigorous courses that capture their interests. Successful completion of dual enrollment courses allows eligible high school students to simultaneously earn high school core or elective credit and postsecondary credit toward a career certificate, an associate degree, or a baccalaureate degree.

Dual enrollment courses will receive the same weighting for the high school grade point average as Advanced Placement (AP), International Baccalaureate (IB), and Advanced International Certificate of Education (AICE) courses. In addition, dual enrollment courses that meet core state university admission requirements in English/Language Arts, Mathematics, Natural Sciences, Social Sciences, or World Languages shall receive the same weighting as AP, IB, and AICE courses in the calculation of the high school grade point average used for admission decisions.

Students should understand, however, that dual enrollment courses are college-level courses, and the amount of work and rigor of content in dual enrollment courses may be much greater than in high school courses. In addition, dual enrollment course grades become a part of a student's permanent college transcript and are calculated into the student's permanent postsecondary grade point average. Poor performance in dual enrollment courses may affect university admissions and financial aid. It is important to do well in these courses to realize the benefits of dual enrollment.

Course selection is important for the dual enrollment student since different programs at a college require different courses to complete the certificate or degree. By choosing courses wisely, students can reduce the time it takes to complete a program after high school graduation. Some students are even able to complete their college certificate or degree at the same time they graduate from high school. Students who don't know what they want to study in college should consult with an advisor to consider focusing on completing general education requirements in communications, mathematics, social sciences, natural sciences, and humanities. All degree programs require general education coursework and, while there is some variation from institution to institution, there are general education courses that are common among most, if not all, institutions.

Florida dual enrollment college credit will transfer to any Florida public college or university offering the Statewide Course Numbering System course number, and must be treated as though taken at the receiving institution. However, if students do not attend the same college or university where they earned the dual enrollment credit the application of transfer credit to general education, prerequisite, and degree programs may vary at the receiving institution. Private and out-of-state colleges and universities may or may not grant college credit for courses taken through dual enrollment.
